TECHNICAL RIDING GEAR

The
Science of
Adventure

Adventure, by definition, speaks to testing one's limits; stepping out of the comfort zone of the mundane everyday routine. It's about going somewhere new with confidence.

KLIM Technical Riding Gear builds the ultimate gear for your next adventure by redefining the boundaries of adventure apparel manufacturing techniques and processes. By innovating and implementing the future of material, construction and performance technologies, KLIM has successfully reset the standard in motorcycle apparel.

We invite you to experience the next generation of Adventure Gear here at KLIM.

The KLIM Difference

- All-in-one waterproof, breathable, ventilated, armored, cargo-supporting motorcycle clothing systems
- Pioneering groundbreaking material technologies the motorcycle industry has never seen
 - Above-the-standard abrasion resistant fabric innovation and implementation
 - Industry leading knowledge of the human body's micro-climate systems and influencers
- Utilize KLIM's extreme condition gear design experience, testing and clothing systems knowledge
- Building it better, faster, stronger, lighter and smarter for real riders in real riding conditions
- Never idle—constantly improve designs in tune with test rider, athlete and customer input
- Unparalleled, unmatched and untouchable quality, warranty and customer service

TECHNICAL RIDING GEAR

ADVENTURE RALLY

After an unbelievable introduction and cult-like following in 2010, the most dominant Adventure apparel in the industry is back.

Intelligently updated as a result of rigorous field testing, and in response to suggestions from dealers and the most loyal of customers, the KLIM Adventure Rally Jacket and Pant come into the New Year with new features and a new color option.

If you have product on order already, get ready to sharpen up on the undeniable advantages of KLIM gear. If you've missed out on stocking the most advanced, highest performance rally suit in the world, contact your KLIM sales representative immediately to lock down some of this supply in high demand.

The KLIM Adventure Rally Jacket and Pant, due to its intense manufacturing, material and construction innovations, is incredibly limited in stock. KLIM has invested heavily to fill dealer demand and brought the gray color scheme to the suit for 2011. Even with these extra pieces, they're not expected to last long. Call your rep now to lock down inventory for your customers!

ADVENTURE RALLY

ADVENTURE RALLY JACKET 3191

ADVENTURE RALLY PANT 3184

ADVENTURE RALLY JACKET 2011 UPDATES:

- Added brushed fleece tricot fabric over inner lining of top front flap on the left and right sides of the collar to increase comfort.
- Reduced collar height 2cm to minimize contact with rider and to increase mobility and comfort.
- Added brushed fleece tricot fabric over the top of the existing Cordura panel on top edge of collar. It is the same brushed fleece tricot as currently used on the inside of the collar. This adds comfort while maintaining durability.
- Added adjustability to the elbow pad pocket up/down, left/right. This will allow user to move elbow pad to get perfect positioning. The elbow pad pocket is now bigger so a larger pad could be used if so desired.
- New second-generation GORE-TEX® Lockout Closures
- Move key hook in left lower pocket to upper left chest pocket. Replace webbing with shock cord.
- Refine shoulder fit by reducing volume of shoulder area.
- New Light Gray colorway.

empf. VK: **1599 CHF / 1499 €**

ADVENTURE RALLY PANT 2011 UPDATES:

- Replace Talisman fabric on rear seat panels with Armacor 3L fabric. This increases flexibility and improves overall fit of the pant while maintaining substantial durability.
- New urethane coated #8 coil water resistant YKK® zippers, and external waterproof flap (as done on Traverse pants.) in place of Lockout thigh vent intake closures.
- Incorporated attachment points for KLIM suspenders.
- Added adjustable location capabilities for knee pads (Up/ down: left / right) for perfect positioning.
- New Light gray colorway.

empf. VK: **1199 CHF / 1099 €**
